

### ABOUT THE COLLEGE

Srimad Andavan Arts and Science College was founded by His Holiness Srimad Andavan Swamikal in the year 1996 and managed by Sri Ranganatha Paduka Vidyalyaya Trust. The college, which is situated in sylvan surroundings, has well qualified teachers and excellent infrastructure and a modern digital library for the benefit of the students, research scholars and faculty members. The college is recognised by UGC under 2f and 12B schemes in 2003 and got autonomy in the year 2014. The Trust has also been recognized as a Scientific and Industrial Research Organisation by DSIR, Govt. of India. The college has been re accredited by NAAC. It offers 15 UG programmes, 13 PG programmes, 10 M.Phil Programmes and 12 Ph.D. programmes. Srimad Andavan Arts and Science College strives to build a thriving learning culture, responsive to the needs of the community at large through affordable value-based education.

### DEPARTMENT PROFILE

The PG and research department of Microbiology was established in 1996 with a vision of implanting scientific temper among students with an endeavour to create world class microbiologists and to achieve reputation as a leading and referral institute in knowledge and research in the field of Microbiology. The department offers UG, PG, M.Phil and Ph.D programs. The department is well-equipped with modern laboratories to provide quality teaching and research opportunities for students. The Department provides ample scope to students and faculties for academics and research along with various extension activities viz. Terrace gardening, Vermicomposting, Spirulina cultivation and Azolla cultivation. The important extension activities are Terrace gardening, Vermicomposting, Spirulina cultivation and Azolla cultivation. As a prime social responsibility, the department also conducts farmers meet annually to promote organic farming. The department thus strives towards excellence in teaching and research through cutting edge technologies in microbiology.
